Rhode Island Early Learning & Development

Mathematics (M)

Number Sense and Quantity M 1	a	**Children develop number recognition and counting skills and learn the relationship between numbers and the quantity they represent.** M 1.A
Number Relationships and Operations M 2	a	**Children learn to use numbers to compare quantities and solve mathematical situations.** M 2.A
Classification and Patterning M 3	a	**Children learn to order and sort objects by common attributes, to identify patterns, and to predict the next sequence in a pattern.** M 3.A
Measurement, Comparison, and Ordering M 4	a	**Children learn to measure objects by their various attributes to make comparisons.** M 4.A
Geometry and Spatial Sense M 5	a	**Children learn to identify shapes and their attributes, solve problems using shapes, and explore the positions of objects in space.** M 5.A
