- 

## Performing

### 4. Select, Analyze and Interpret artistic work for performance

- a. Refine partner and ensemble skills through the development of kinesthetic awareness while performing diverse pathways, levels, and patterns in space. Maintain focus with partner or group in near and far space. Convert inward focus to outward focus for projecting out to far space.

Apply technical dance skills (for example, alignment, coordination, balance, core support, kinesthetic awareness, clarity of movement) to accurately execute changes of direction, weight shifts, flexibility/range of motion, elevations and landings, extensions of limbs, and movement transitions within dance sequences.
- b. Identify and evaluate healthful practices including nutrition and basic anatomical knowledge that promote safe and healthful strategies when warming up, dancing, and in everyday life.
