

3-5

Empowered Learner: Students use technology to take an active role in their learning. EL

- 1 Leverage technology to take an active role in choosing, achieving and demonstrating competency in their learning goals, informed by the learning sciences.** EL1
 - A** Articulate and set personal learning goals, develop strategies leveraging technology to achieve them and reflect on the learning process itself to improve learning outcomes. EL1.A
 - 1 Set personal learning goals and self-select digital tools to support accomplishing the goals. EL1.A.1
 - 2 Reflect on and revise the learning process as needed to improve learning over time ex.: using digital writing portfolio and reflection log/journal . EL1.A.2
 - B** Build networks and customize their learning environments in ways that support the learning process. EL1.B
 - 1 Participate in explorations that support identifying and building a network ex.: expert video channels, video conferencing with professionals, authors blogs unique to one's own interests/needs to support the learning process. EL1.B.1
 - C** Use technology to seek feedback that informs and improves their practice and to demonstrate their learning in a variety of ways. EL1.C
 - 1 Seek feedback that informs and improves learning ex.: Students seek feedback from teachers and peers during the digital writing process . EL1.C.1
 - 2 Use feedback to improve products that demonstrate learning in a variety of ways. EL1.C.2
 - D** Understanding the fundamental concepts of how to use technology technology operations . EL1.D
 - 1 Explore and select digital tools that support learning in different contexts ex.: a student chooses a tool to collect data and then creates a graphical display of the data using a digital tool of their choice . EL1.D.1
 - 2 Transfer conceptual knowledge of technology operations to multiple contexts. EL1.D.2
 - 3 Transfer knowledge of fundamental concepts of technology operations to troubleshoot basic technology operations. EL1.D.3
- 2 Apply the fundamental concepts of technology operations and demonstrate the ability to choose, use, and/or troubleshoot current technologies.** EL2

- A Demonstrate learning with the use of technology. **EL2.A**
 - 1 Identify age-appropriate digital tools to produce and publish information for an identified target audience. **EL2.A.1**
 - 2 Demonstrate efficient ability to communicate a message with digital input strategies ex.: typing/keyboarding, voice to text, video or audio . **EL2.A.2**
 - B Apply functions and concepts of technology operations; demonstrate the ability to choose, use and troubleshoot current technologies. **EL2.B**
 - 1 Choose technology appropriate to their task and purpose. **EL2.B.1**
 - C Transfer knowledge to emerging technology. **EL2.C**
 - 1 Apply and adapt knowledge of existing technology to the augmentative use of new technologies. **EL2.C.1**
-

Digital Citizen: Students manage their digital identity in a safe, positive, and proactive way. **DC**

- 1 Recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world; act and model in ways that are safe, legal and ethical. **DC1****
 - A Cultivate and manage your digital identity and reputation, and be aware of the permanence of your actions in the digital world. **DC1.A**
 - 1 Model positive behaviors in online communications at school and understand how to apply those behaviors to online activities outside of school. **DC1.A.1**
 - 2 Show awareness and understand they are creating a digital footprint, and can identify positive and negative online activity. **DC1.A.2**
 - B Engage in positive, safe, legal and ethical behavior when using technology, including social interactions online or when using networked devices. **DC1.B**
 - 1 Collaborate online with peers and educators in a positive manner, and begin to recognize online behaviors can have positive or negative consequences. **DC1.B.1**
 - 2 Understand that decisions and behaviors online can affect others in both negative and positive and hurtful and helpful ways. **DC1.B.2**
 - C Manage personal data to maintain digital privacy and security and are aware of data-collection technology used to track navigation online. **DC1.C**
 - 1 Create and know usernames and passwords, and understand why these and other personal information are not shared with others online and offline. **DC1.C.1**
 - 2 Search websites understanding that some sites are not safe without adult permission. **DC1.C.2**
- 2 Demonstrate an understanding of and respect for the rights and obligations of using and sharing intellectual property. **DC2****
 - A Use information, media, and digital resources in a responsible manner. **DC2.A**
 - 1 Demonstrate acceptable use of the internet and identify acceptable use of social media and other digital media. **DC2.A.1**

- B** Respect intellectual property rights. **DC2.B**
 - 1** Value others intellectual property by encouraging others. **DC2.B.1**
 - 2** Give positive and constructive feedback on others intellectual property with respect. **DC2.B.2**
 - C** Demonstrate an understanding of and respect for the rights and obligations of using and sharing intellectual property. **DC2.C**
 - 1** Use others creations intellectual property with permission public domain, creative commons, or copyright owner s permission . **DC2.C.1**
 - 2** Create their own intellectual property in digital projects. **DC2.C.2**
-

**Knowledge
Constructor: Students
use various digital tools
to find information and
make meaning. **KC****

- 1 Students critically curate a variety of resources using digital tools to construct knowledge. **KC1****
 - A** Plan and employ effective research strategies to locate information and other resources for their intellectual or creative pursuits. **KC1.A**
 - 1** Filter searches to gather specific information on a subject or research topic ex.: searching "food sources for Beluga whales" instead of searching "whales" or "Beluga whales" . **KC1.A.1**
 - 2** Use a variety of digital reference resources ex.: digital encyclopedia, digital atlas/maps to locate information related to a research topic. **KC1.A.2**
 - B** Evaluate the accuracy, perspective, credibility and relevance of information, media, data or other resources. **KC1.B**
 - 1** Identify criteria to analyze information presented in a digital resource to determine its accuracy, perspective, credibility, and relevance. **KC1.B.1**
 - 2** Explore different media types ex.: infographics, videos, graphs, text and how they might influence an audience. **KC1.B.2**
 - 3** Compare information presented across different domain extensions ex.: .com, .net, .gov, .edu to help evaluate accuracy, perspective, credibility, and relevance of information. **KC1.B.3**
 - C** Curate information from digital resources using a variety of tools and methods to create collections of artifacts that demonstrate meaningful connections or conclusions. **KC1.C**
 - 1** Collect information ex.: images, diagrams, maps, graphs, infographics, videos, animations using digital tools from resources to clarify and add to knowledge of a topic. **KC1.C.1**
 - 2** Organize gathered artifacts into themed collections with subcategories ex.: Famous African-Americans: Scientists, Politicians, Athletes; Favorite Cartoon Characters: Disney, Nickelodeon, Looney Tunes . **KC1.C.2**
 - 2 Produce creative artifacts and make meaningful learning experiences from curated knowledge for themselves and others. **KC2****
-

- A Produce creative artifacts. **KC2.A**
 - 1 Use digital tools to create artifacts that connect similar information found in various digital resources. **KC2.A.1**
 - B Build knowledge by actively exploring real-world issues and problems, developing ideas and theories and pursuing answers and solutions. **KC2.B**
 - 1 Use a variety of digital resources ex.: website, video clip, photos to explore and collaborate with others on real-world issues. **KC2.B.1**
-

Innovative Designer: Students use a variety of technologies to design and create. **ID**

- 1 **Use a variety of technologies to identify and solve authentic real-world problems.** **ID1**
 - A Find authentic real-world problems in local and global contexts. **ID1.A**
 - 1 Identify and describe problems or challenges present in their community then analyze the conditions that make it a problem. **ID1.A.1**
 - B Exhibit a tolerance for ambiguity, perseverance and the capacity to work with open-ended problems. **ID1.B**
 - 1 Demonstrate perseverance when working with authentic, open-ended problems. **ID1.B.1**
 - 2 **Use a variety of technologies within a design process to create new, useful and imaginative solutions.** **ID2**
 - A Know and use a deliberate design process for generating ideas, testing theories, creating innovative artifacts or solving authentic problems. **ID2.A**
 - 1 Explore and practice how a deliberate design process ex.: design thinking works to generate ideas, consider solutions, test theories, plan to solve a problem, or create innovative products to share with others. **ID2.A.1**
 - B Select and use digital tools to plan and manage a design process that considers design constraints and calculated risks. **ID2.B**
 - 1 Use a variety of digital tools to plan and manage a design process, with consideration to design constraints and risks. **ID2.B.1**
 - C Develop, test and refine prototypes as part of a cyclical design process. **ID2.C**
 - 1 Engage in a cyclical design process to develop and test prototypes; reflect on the role that trial and error plays in the process. **ID2.C.1**
-

Computational Thinker: Students understand sequences and use them to develop solutions to problems. **CT**

- 1 **Develop and employ strategies for understanding and solving problems in ways that leverage the power of technological methods to develop and test solutions.** **CT1**

- A Formulate problem definitions suited for technology-assisted methods such as data analysis, abstract models and algorithmic thinking in exploring and finding solutions. **CT1.A**
 - 1 Plan and implement a design process in which they explore solutions to a problem and use digital tools to analyze data, create models, and represent collected data ex.: spreadsheets, graphs, charts, tables, presentations, infographics in a way that can be shared with others, with guidance. **CT1.A.1**
- B Collect data or identify relevant data sets, use digital tools to analyze them, and represent data in various ways to facilitate problem-solving and decision-making. **CT1.B**
 - 1 Select and utilize an age-appropriate digital tool to represent data ex.: spreadsheets, digital graphs/charts , with guidance and support from adults. **CT1.B.1**
 - 2 Use data to discuss findings and share conclusions with others ex.: presentation apps/website . **CT1.B.2**
- C Break problems into component parts, extract key information, and develop descriptive models to understand complex systems or facilitate problem-solving. **CT1.C**
 - 1 Break a problem into smaller parts, identify patterns and key information, and use age-appropriate digital tools to brainstorm a problem solving plan ex.: online whiteboard, online mindmapping tools, digital outline either collaboratively or independently. **CT1.C.1**
- D Understand how automation works and use algorithmic thinking to develop a sequence of steps to create and test automated solutions. **CT1.D**
 - 1 Complete a coding task with coded actions ex.: html, block-based coding, python either collaboratively or independently. **CT1.D.1**

2 Apply strategies for understanding and solving problems by using technological methods to develop and test solutions. CT2

- A Use resources to collect, analyze, and represent data. **CT2.A**
 - 1 Use digital tools to ask questions and digitally collect data. **CT2.A.1**
- B Deconstruct components to understand systems and facilitate problem-solving. **CT2.B**
 - 1 Use digital tools to find patterns in order to solve complex problems. **CT2.B.1**
- C Create and test automated solutions. **CT2.C**
 - 1 Use digital tools to identify and create algorithms. **CT2.C.1**

Creative Communicator: Students communicate clearly and express themselves with a variety of digital tools. CC

- 1 Communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals, audience and task. CC1**

- A Choose the appropriate platforms and tools for meeting the desired objectives of their creation or communication. **CC1.A**
 - 1 Evaluate and utilize the features of a variety of digital tools ex.: including, but not limited to: adding video/audio, digital collaboration tools, tools affecting the aesthetics of the piece, as well as methods for sharing/publishing for producing new creations or communications with teacher support, following appropriate digital etiquette. **CC1.A.1**
 - B Create original works or responsibly repurpose and/or remix digital resources into new creations. **CC1.B**
 - 1 Learn and apply strategies to responsibly remix creative work, respecting digital citizenship copyright , both collaboratively and independently **CC1.B.1**
 - C Communicate complex ideas clearly and effectively by creating or using a variety of digital objects such as visualizations, models or simulations. **CC1.C**
 - 1 Create digital artifacts ex.: presentations, data collection, models, audio/video, websites, and digital art to display knowledge and communicate ideas clearly to a variety of audiences, both collaboratively and independently. **CC1.C.1**
-

2 Publish and present content customized for their audience s , purpose, and task. CC2

- A Publish and present content that customizes the message and medium for their intended audiences. **CC2.A**
 - 1 Utilize digital tools to create, share, communicate, and publish work effectively ex.: video/ audio creation, social media, spreadsheets, blogs, presentation platforms, word processing, and digital art platforms . **CC2.A.1**
 - 2 Identify the intended audience and select appropriate platform medium when creating digital pieces, presenting, and collaborating to communicate ideas to the audience. **CC2.A.2**
-

Global Collaborator: Students use digital tools to connect with learners inside and outside of their classroom. GC

1 Use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally. GC1

- A Use digital tools to connect with learners from a variety of backgrounds and cultures, engaging with them in ways that broaden mutual understanding and learning. **GC1.A**
 - 1 Use digital tools and resources ex.: presentations, videos, or various digital media platforms to connect and collaborate with authentic audiences from a variety of backgrounds and cultures to enrich learning experiences. **GC1.A.1**

B Contribute constructively to project teams, assuming various roles and responsibilities to work effectively toward a common goal. **GC1.B**

1 Use digital tools to learn how to collaborate with team members in a digital workspace ex.: sharing and respecting digital work within a team workspace, assuming team roles and working together to create video/ green screen production, stop-motion animation, and various other forms of digital creations . Use digital tools and take on a variety of roles to contribute to team projects with guidance and support. **GC1.B.1**

C Contribute to the exchange of ideas within and beyond the learning community. **GC1.C**

1 Use a variety of digital resources to collaborate with mutual respect ex.: video conferencing, commenting tools, slide decks, and documents . **GC1.C.1**

2 Use digital tools to connect with a global network of learners and engage with issues that impact local and global communities. GC2

A Use collaborative technologies to work with others, including peers, experts or community members, to examine issues and problems from multiple viewpoints. **GC2.A**

1 Use digital tools to collaborate with peers, experts, and community members to examine problems from multiple viewpoints ex.: video/voice conferencing . **GC2.A.1**

B Explore local and global issues and use collaborative technologies to work with others to investigate solutions. **GC2.B**

1 Collaborate digitally with others to understand multiple perspectives while exploring both local and global issues to solve problems with guidance and support ex.: project-based learning and community problem solving . **GC2.B.1**
