1 GENERAL REQUIREMENTS. This course is recommended for students in Grades 10-12. [1](#)

INTRODUCTION [2](#)

A Career and Technical Education (CTE) instruction provides content aligned with challenging academic standards and relevant technical knowledge and skills for students to further their education and succeed in current or emerging professions. [2.A](#)

B The Healthcare and Human Services Career Cluster encompasses careers for in-home and personal care support and offer esthetics and wellness services such as hairdressing, nail care, skincare, fitness, and massage therapy. Professionals in this field focus on enhancing personal appearance and promoting relaxation and well-being while remaining grounded in a thorough understanding of health and safety practices. [2.B](#)

C The Careers in Barbering Program is a comprehensive four-course program designed to equip students with the knowledge, skills, and professional competencies required for a successful career in barbering. Beginning with foundational concepts in haircutting, hairstyling, shaving, and sanitation, the program progressively builds expertise in advanced techniques, including chemical services, precision grooming, and creative hair design. Students will develop a deep understanding of anatomy, client consultation, business management, and ethical practices, preparing them for real-world applications. The program includes hands-on training, work-based learning experiences, and preparation for Maryland's Limited Barber Stylist and full Barbering License exams. By the conclusion of the pathway, students will have the technical skills, industry certifications, and professional readiness to succeed in the barbering industry. [2.C](#)

D Through mock exams and practical assessments, students in Barbering III will demonstrate mastery of skills required for licensing while gaining real-world experience through work-based learning opportunities. Successful completion of this course prepares students to take the Limited Barber Stylist exam and transition to Barbering IV. [2.D](#)

E Students will participate in at least two Career-Connected Education and Work-Based Learning experiences in this course, which might include informational interviews or job shadowing relevant to the program of study. 2.E

F Students are encouraged to participate in extended learning experiences through aligned Career and Technical Student Organizations (CTSOs). CTSOs are a cocurricular requirement in the Carl D. Perkins Act, and alignment to CTSO activities is an expectation for CTE programs in the state of Maryland. 2.F
