

# Health Science I

**HS.HS.6.1 Explain the history, trends, and career pathways within the healthcare system.** HS.HS.6.1

- a** HS.HS.6.1.a Identify the history of health care. HS.HS.6.1.A
- b** HS.HS.6.1.b Identify current trends in healthcare and how they impact healthcare and society. HS.HS.6.1.B
- c** HS.HS.6.1.c Describe the various healthcare career pathways. HS.HS.6.1.C
- d** HS.HS.6.1.d Describe healthcare careers. HS.HS.6.1.D
- e** HS.HS.6.1.e Compare healthcare delivery systems and related agencies. HS.HS.6.1.E

**HS.HS.6.2 Describe legal and ethical standards of healthcare.** HS.HS.6.2

- a** HS.HS.6.2.a Identify aspects of legal considerations related to healthcare. HS.HS.6.2.A
- b** HS.HS.6.2.b Describe ethical practices with respect to cultural, social, and ethnical differences within the healthcare environment. HS.HS.6.2.B

**HS.HS.6.3 Analyze career readiness skills to enhance employment opportunities and job satisfaction within the healthcare industry.** HS.HS.6.3

- a** HS.HS.6.3.a Identify personal traits and attitudes desirable in a member of a healthcare team. HS.HS.6.3.A
- b** HS.HS.6.3.b Identify common barriers to communication between healthcare professionals and patients. HS.HS.6.3.B
- c** HS.HS.6.3.c Summarize professional standards as they apply to various healthcare settings. HS.HS.6.3.C
- d** HS.HS.6.3.d Explain the role of medical terminology in effective communication in health care. HS.HS.6.3.D
- e** HS.HS.6.3.e Demonstrate characteristics of an effective team. HS.HS.6.3.E
- f** HS.HS.6.3.f Demonstrate various forms of professional communication. HS.HS.6.3.F
- g** HS.HS.6.3.g Analyze personal aptitudes and interests related to health careers. HS.HS.6.3.G

**HS.HS.6.4 Apply technical skills of**

- a** HS.HS.6.4.a Identify existing and potential safety hazards to clients, co-workers, self, and environment within the healthcare setting. HS.HS.6.4.A

**healthcare  
professions.** HS.HS.6.4

---

**b** HS.HS.6.4.b Describe proper body mechanics. HS.HS.6.4.B

---

**c** HS.HS.6.4.c Demonstrate methods to control the spread of infection. HS.HS.6.4.C

---

**d** HS.HS.6.4.d Demonstrate procedures for measuring and recording vital signs. HS.HS.6.4.D

---

**e** HS.HS.6.4.e Apply skills to obtain training or certification in cardiopulmonary resuscitation (CPR), automated external defibrillator (AED), foreign body airway obstruction (FBAO), and first aid. HS.HS.6.4.E
