New York Science

Grade 1

Adopted 2016

Engineering Design	**K-2-ETS1-1.**	**Ask questions, make observations, and gather information about a situation people want to change to define a simple problem that can be solved through the development of a new or improved object or tool.** K-2-ETS1-1
	K-2-ETS1-2.	**Develop a simple sketch, drawing, or physical model to illustrate how the shape of an object helps it function as needed to solve a given problem.** K-2-ETS1-2
	K-2-ETS1-3.	**Analyze data from tests of two objects designed to solve the same problem to compare the strengths and weaknesses of how each performs.** K-2-ETS1-3
Waves: Light and Sound	**1-PS4-1.**	**Plan and conduct investigations to provide evidence that vibrating materials can make sound and that sound can make materials vibrate.** 1-PS4-1
	1-PS4-2.	**Make observations (firsthand or from media) to construct an evidence-based account that objects can be seen only when illuminated.** 1-PS4-2
	1-PS4-3.	**Plan and conduct an investigation to determine the effect of placing objects made with different materials in the path of a beam of light.** 1-PS4-3
	1-PS4-4.	**Use tools and materials to design and build a device that uses light or sound to solve the problem of communicating over a distance.** 1-PS4-4
Structure, Function, and Information Processing	**1-LS1-1.**	**Use materials to design a solution to a human problem by mimicking how plants and/or animals use their external parts to help them survive, grow, and meet their needs.** 1-LS1-1
	1-LS1-2.	**Read texts and use media to determine patterns in behavior of parents and offspring that help offspring survive.** 1-LS1-2
	1-LS3-1.	**Make observations to construct an evidence-based account that some young plants and animals are similar to, but not exactly like, their parents.** 1-LS3-1

Space Systems: Patterns and Cycles	**1-ESS1-1.**	**Use observations of the Sun, moon, and stars to describe patterns that can be predicted.** `1-ESS1-1`
	1-ESS1-2.	**Make observations at different times of year to relate the amount of daylight to the time of year.** `1-ESS1-2`
