

# Grade 1

Adopted 2016

## Engineering Design

- K-2-ETS1-1.** Ask questions, make observations, and gather information about a situation people want to change to define a simple problem that can be solved through the development of a new or improved object or tool. K-2-ETS1-1
- 
- K-2-ETS1-2.** Develop a simple sketch, drawing, or physical model to illustrate how the shape of an object helps it function as needed to solve a given problem. K-2-ETS1-2
- 
- K-2-ETS1-3.** Analyze data from tests of two objects designed to solve the same problem to compare the strengths and weaknesses of how each performs. K-2-ETS1-3

## Waves: Light and Sound

- 1-PS4-1.** Plan and conduct investigations to provide evidence that vibrating materials can make sound and that sound can make materials vibrate. 1-PS4-1
- 
- 1-PS4-2.** Make observations (firsthand or from media) to construct an evidence-based account that objects can be seen only when illuminated. 1-PS4-2
- 
- 1-PS4-3.** Plan and conduct an investigation to determine the effect of placing objects made with different materials in the path of a beam of light. 1-PS4-3
- 
- 1-PS4-4.** Use tools and materials to design and build a device that uses light or sound to solve the problem of communicating over a distance. 1-PS4-4

## Structure, Function, and Information Processing

- 1-LS1-1.** Use materials to design a solution to a human problem by mimicking how plants and/or animals use their external parts to help them survive, grow, and meet their needs. 1-LS1-1
- 
- 1-LS1-2.** Read texts and use media to determine patterns in behavior of parents and offspring that help offspring survive. 1-LS1-2
- 
- 1-LS3-1.** Make observations to construct an evidence-based account that some young plants and animals are similar to, but not exactly like, their parents. 1-LS3-1

**Space Systems: Patterns  
and Cycles**

**1-ESS1-1.** Use observations of the Sun, moon, and stars to describe patterns that can be predicted. 1-ESS1-1

---

**1-ESS1-2.** Make observations at different times of year to relate the amount of daylight to the time of year. 1-ESS1-2
