

Health Science I (2012): Grades 9, 10, 11, 12

Adopted 2012

Human Body's Support, Movement and Use of Nutrients

00. Understand the body's systems of support and movement A.1.00

- 01. Remember structural organization. A.1.01
 - 02. Remember the structures of the skeletal system. A.1.02
 - 03. Understand the functions and disorders of the skeletal system. A.1.03
 - 04. Remember the structures of the muscular system. A.1.04
 - 05. Understand the functions and disorders of the muscular system. A.1.05
-

00. Understand the body's use of nutrients A.2.00

- 01. Remember the structures of the circulatory system. A.2.01
 - 02. Understand the functions and disorders of the circulatory system. A.2.02
 - 03. Remember the structures of the lymphatic system. A.2.03
 - 04. Understand the functions and disorders of the lymphatic system. A.2.04
 - 05. Remember the structures of the respiratory system. A.2.05
 - 06. Understand the functions and disorders of the respiratory system. A.2.06
 - 07. Remember the structures of the digestive system. A.2.07
 - 08. Understand the functions and disorders of the digestive system. A.2.08
-

Human Body's Communication and Hormone Control Systems

00. Understand the body's communication systems B.3.00

- 01. Remember the structures of the nervous system. B.3.01
 - 02. Understand the functions and disorders of the nervous system. B.3.02
 - 03. Remember the structures of the sensory system. B.3.03
 - 04. Understand the functions and disorders of the sensory system. B.3.04
 - 05. Remember the structures of the integumentary system. B.3.05
 - 06. Understand the functions and disorders of the integumentary system. B.3.06
-

00. Understand the body's systems of hormone control B.4.00

- 01. Remember the structures of the urinary system. B.4.01
- 02. Understand the functions and disorders of the urinary system. B.4.02

- 03. Remember the structures of the endocrine system. B.4.03
- 04. Understand the functions and disorders of the endocrine system. B.4.04
- 05. Remember the structures of the reproductive system. B.4.05
- 06. Understand the functions and disorders of the reproductive system. B.4.06
