

Grades 2, 3

Adopted 2003

Students will demonstrate competency in many movement forms and proficiency in a few movement forms.

- use mature form in combination gross locomotor patterns (skip, gallop, slide). 2-3.S1.1
- master non-locomotor skills (body, space, time, effort, relationship). 2-3.S1.2
- use rudimentary form in fundamental manipulative skills (e.g., throw, catch, strike, dribble). 2-3.S1.3
- apply fundamental combinations of movement skills, in low organized games and activities (e.g., run and jump, strike and run). 2-3.S1.4

Students will apply movement concepts and principles to the learning and development of motor skills.

- apply movement vocabulary to an appropriate situation. 2-3.S2.1
- use introductory application of biomechanical principles (e.g., center of gravity, base of support, force). 2-3.S2.2
- recognize critical elements of movement skills to provide feedback to self and others (e.g. peer assessment). 2-3.S2.3
- recognize introductory strategies for offensive and defensive concepts (e.g., off ball movement, recognize passing lanes, scoring strategies, passing ahead). 2-3.S2.4

Students will understand the implications of and the benefits derived from involvement in physical activity.

- recognize the physical benefits of regular participation in physical activity (e.g., reduce health risks, disease prevention, physiologic changes). 2-3.S3.1
- recognize the emotional benefits of regular participation in physical activity (e.g., increased self-esteem, stress reduction, reduces depression, self-discipline). 2-3.S3.2
- recognize the social benefits of regular participation in physical activity (e.g., cooperation, sportsmanship, teamwork). 2-3.S3.3
- use physical activity as a means of self-expression. 2-3.S3.4

Students will apply physical activity-related skills and concepts to maintain a physically

- participate at the introductory level in some components of a health-related physical fitness assessment tool (e.g., FitnessGram, Physical Best, President's Council on Physical Fitness). 2-3.S4.1

active lifestyle and a health-enhancing level of physical fitness.

- select and participate regularly in physical activities for the purpose of improving skills and health. 2-3.S4.2
- recognize how fitness testing results relate to their ability to perform various physical activities. 2-3.S4.3
- participate in several activities related to each component of health-related physical fitness (e.g., cardio-respiratory, muscular strength and endurance, flexibility, balance, agility). 2-3.S4.4
- recognize changes in pre and post-test results in health-related fitness tests resulting from physical activity. 2-3.S4.5
- recognize that a variety of technologies exist that may enhance fitness levels (e.g. web-based programs, fitness machines, etc.). 2-3.S4.6

Students will demonstrate responsible personal and social behavior in physical activity settings.

- use self control in movement activities. 2-3.S5.1
- follow activity-specific laws, rules, procedures, and etiquette. 2-3.S5.2
- utilize safety principles in activity situations and settings. 2-3.S5.3
- work cooperatively and productively with a partner and/or a group to accomplish a set goal. 2-3.S5.4
- work independently and on task for developmentally appropriate periods of time. 2-3.S5.5
- recognize ways to peacefully resolve conflicts. 2-3.S5.6
- describe appropriate interactions for participating in group activities. 2-3.S5.7

Students will understand that internal and external environments influence physical activity.

- recognize appropriate and safe areas within the community to participate in physical activity. 2-3.S6.1
- recognize physical activities that can be performed in a variety of settings. 2-3.S6.2
- recognize how peers, media, and technology can impact one's level of physical activity. 2-3.S6.3
- recognize healthy ways to promote physical activity with peers. 2-3.S6.4
- identify youth organizations in the community that offer physical activity programs (e.g., YMCA/YWCA, recreation department, PAL). 2-3.S6.5
- identify a variety of valid sources to find information about physical activity. 2-3.S6.6
