Wyoming Science

Grade 1

Adopted 2018

Waves and Their Applications in Technologies for Information Transfer	**SES-1-PS4-1.**	**Demonstrate that a material can produce sound through vibration.** SES-1-PS4-1
	SES-1-PS4-2.	**Demonstrate and communicate that objects in darkness can be seen with a light source.** SES-1-PS4-2
	SES-1-PS4-3.	**Identify a material that will allow a beam of light to shine through.** SES-1-PS4-3
	SES-1-PS4-4.	**Identify multiple devices that communicate over a distance.** SES-1-PS4-4
From Molecules to Organisms: Structures & Processes	**SES-1-LS1-1.**	**Identify an object used by humans that mimics an animal's or a plant's external parts.** SES-1-LS1-1
	SES-1-LS1-2.	**Identify behavior of parents and offspring that help the offspring survive.** SES-1-LS1-2
	SES-1-LS3-1.	**Given a variety of choices, match images of parents and their offspring.** SES-1-LS3-1
Earth's Place in the Universe	**SES-1-ESS1-1.**	**Identify which objects are found in the sky during the day and at night.** SES-1-ESS1-1
	SES-1-ESS1-2.	**Not applicable.** SES-1-ESS1-2
Engineering, Technology, & Applications of Science	**SES-K-2-ETS1-1.**	**Identify appropriate tool(s) when presented with a problem.** SES-K-2-ETS1-1
	SES-K-2-ETS1-2.	**Identify the shape of an object and its function.** SES-K-2-ETS1-2
	SES-K-2-ETS1-3.	**Identify the differences of two objects designed to solve the same problem.** SES-K-2-ETS1-3
